

TACHOGRAPHS: EGK 100 for VOLVO

MOTOMETER

powered by solutions

For many years now, various versions of the electro-mechanical tachograph module EGK 100 have been installed in commercial vehicles and buses made by VOLVO and other manufacturers who use VOLVO chassis.

MOTOMETER still supplies the exchange tachograph modules EGK 100 without speed recording (2,500 rpm and 2,800 rpm) with a one-year warranty.
